Front-End Development Internship

HTML | CSS | JavaScript | Git | GitHub | Figma

Systems Analysis and Development student focused on Front-End. I build responsive interfaces with HTML, CSS, and JavaScript and use Figma for prototyping. My background in customer service and technical support gave me a solid foundation in communication, diagnosis, and problem-solving. I am looking for my first internship in technology, where I can apply my knowledge and grow by learning with a team.

EDUCATION

Centro Universitário Facens

Associate Degree in Systems Analysis and Development, Expected graduation: July 2027

ACADEMIC EXPERIENCE

NEKOBUS – Academic project at Facens, 2026

- Developed the front-end of a Smart Cities web platform that simulates solar-powered bus stops and calculates energy generation, CO_2 reduction, and urban feasibility.
- Built the interfaces with HTML5, CSS3, and JavaScript, integrating an interactive map (Leaflet.js) and a dashboard with dynamic charts (Chart.js).

Ateliê da Lina – Personal project, 2026

- Built a responsive landing page from scratch to showcase handmade crafts, using semantic HTML5 and CSS3 (Flexbox, Grid, and Media Queries).
- Implemented a hero section, product gallery, about section, and contact area, with hover effects and smooth navigation.

PROFESSIONAL EXPERIENCE

Teleperformance – Remote *Nov 2025 – May 2026*

Expert I

- Provided remote technical support to internet customers, running connection tests to diagnose and resolve connectivity issues.
- Used Citrix for customer service and ticket management in a virtualized environment.
- Logged and tracked tickets in internal systems, ensuring resolution within deadlines.
- Guided users clearly and objectively, applying logical reasoning and step-by-step diagnosis.

SX Negócios – Sorocaba, SP ***Feb 2024 – Feb 2025***

Banking Analyst

- Analyzed cases of bank fraud and scams, investigating patterns and inconsistencies to resolve each dispute.
- Worked with banking systems, internal protocols, and data analysis of cards, accounts, and loans.
- Applied analytical thinking and attention to detail to assess each case individually.
- Communicated diagnoses and solutions clearly to customers.

PROFESSIONAL AND PERSONAL SKILLS

- Technical: HTML5, CSS3, JavaScript, Git & GitHub, Figma, Programming Logic.
- Soft skills: Clear communication, Teamwork, Problem-solving, Proactivity, Fast learning, Adaptability.
